

Company Profile

AL MASRAWYA
Engineering & Trading Co.

From the Desk of Mohamed Mostafa

CEO of the Almasrawy for Eng. & Trading Co.

Thank you for your interest in the Almasrawy for Eng. & Trading Co.. As we begin our decade of providing our nation's war fighters, first responders, and other customers with specialized engineering support, we are both proud of our strong foundation and excited about the many new opportunities we now have to build upon it.

Clearly, much has changed since Almasrawy for Eng. & Trading Co.'s founders-some of the pioneers of the survivability discipline-formed the company 10 years ago. The country has experienced several revolution and conflicts, , numerous economic upswings and downturns, and an ongoing technological revolution that has continued to change the way we think, communicate, and do business.

And Almasrawy for Eng. & Trading Co. has changed too.. In addition, we have greatly expanded our support capabilities and have also added many other services and customers. Our markets now include HVAC, CSSD, RF shielding room, Radiology Site preparation, and maintenance customer support.

But one thing that hasn't changed is our commitment to high-quality work, to the satisfaction of our customers and employees,this is a commitment we have taken very seriously since our beginning, and this is a commitment we believe will help ensure the continued success of our company and our customers for years to come, no matter the changes that lie ahead.

Thank you again for your interest in Almasrawy for Eng. & Trading Co., and please contact us if you have any questions or need additional information.

Sincerely,

President /CEO
Almasrawy for Eng. & Trading Co.

Teamwork: Our biggest and most important resource is our people and we put together the diversity of our skills to achieve success.

COMPANY VISION

OUR GOALS

- **Reliability:** Our commitment to service is embodied in our belief in the ISO 9000 family of quality standards, which we will use to ensure continuous improvement of both our customer service and product offering.
- **Innovation:** We continuously seek new ways to add value to our stakeholders' business, customers, employees or suppliers. We believe in win-win relationships.
- **Professionalism:** We live by a results oriented culture. Ethics, fairness and honesty are the hallmark of our business relationships.
- **Excellence:** We are determined to keep walking the road of ISO 9000 quality standards to continuously improve our customer service and product offering.

COMPANY BUSINESS

Our Primary Line of Business

Site Preparation for
Radiology equipment

RF Shielding Room

CSSD

HVAC

COMPANY BUSINESS

RF Shielding for MRI Rooms

RF shielding for MRI rooms is necessary to prevent noise of radio frequency from entering into the MRI scanner and distorting the image. The three main types of shielding used for MRIs are copper, steel, and aluminum. Copper is generally considered the best shielding for MRI rooms.

RF shielding should not be confused with magnetic shielding, which is used to prevent the magnetic field of the MRI magnet from interfering with pacemakers and other equipment outside of the MRI room.

COMPANY BUSINESS

Modular plane technique

The modular plane RF shielding construction technique is the most widely used technique all over the world.

AL MASRAWYA installs a versatile modular shielding construction, to provide a high-level protection for MRI and different types of Radiographic equipment.

RF shielding construction technique implemented in one of our projects.

COMPANY BUSINESS

Features
